

RALLY TO-NIGHT.

Republicans Will Give Senator Cullom a Big Welcome at the Tabernacle.

Turn Out and Hear the True Political Gospel—Mrs. Worthington and Mr. Cullom Will Speak.

Senator Cullom will arrive in the city this evening from Mattoon to address the Republican rally to-night at the tabernacle. He was at Mattoon and addressed the big crowd which saw and heard Major McKinley. Mr. Cochran will come in on the train with Mr. Cullom. Mrs. Worthington, who is to be at the meeting to discuss the tariff question, arrived in the city this morning from Sterling. The ladies generally should be present to hear Mrs. Worthington and the other speakers.

In case the tabernacle will not hold the people there will be speaking outside by one or more of the orators. The band and the drum corps will be out for escort duty.

OTHER MEETINGS.
At Casner—Tuesday evening, Oct. 30—W. G. Cochran.
At Macon—Wednesday evening, Oct. 31, J. E. Sharrock and W. F. Calhoun.
At Maroa—Nov. 1, Thursday evening, J. E. Sharrock and A. H. Mills.
At Harrisburg—Friday evening, Nov. 2, J. E. Sharrock and Dr. W. T. Patterson.
At Elwin—Friday evening, Nov. 2, W. F. Calhoun.

The Moodys were at Indianapolis Friday night, and the Sentinel says: "One of the most delightful concerts ever given in the South Side lecture course was that by the Moody quartet last evening. The special features were the tenor solo by R. J. McDowell, college songs by the quartet and the delightful impersonations by Royal S. Goldsberry. He captivated the audience by his rendition of 'James Whitcomb Riley's poems. At the Grand Tuesday night. Admission 50c, or course \$1.00. This programme will be observed."

A RIOT IMPENDING

As a Result of the Screwmen's Strike in New Orleans.

THE SITUATION EXTREMELY GRAVE.

And a Bloody Race War Possible—The Situation Further Complicated by a Strike of Longshoremen.

NEW ORLEANS, Oct. 29.—The strike situation in this city has assumed a very serious phase, and a race war of serious proportions is threatened. This afternoon at 2:30 o'clock there was a good deal of excitement on the levee between Jackson and Sixth streets, the scene of Saturday's riot, caused by the report that a force of armed negroes were en route to the scene to avenge the action of the mob on Saturday. A large body of police was sent to the scene and trouble was averted.

To-night the men are congregated in the neighborhood and the report is that both the negroes and whites are preparing for a scrimmage to-morrow. The governor arrived in the city to-night and held a long conference with the board of directors of the cotton exchange. It is expected that he will order out the militia. The English consul has sent a report to Washington.

To further complicate the situation the white longshoremen to-day struck against working with negroes. Charles Stoddard & Co. intend to load their ships to-morrow with negroes and this is likely to bring about a riot.

John Williams, a colored cotton screwman, was shot and mortally wounded this afternoon by Michael Birir.

GEN. DUFFIELD

Appointed a Member of the Lighthouse Board Vice Prof. Mendenhall.

WASHINGTON, Oct. 30.—The president yesterday appointed Gen. William F. Duffield a member of the lighthouse board in place of Prof. Thomas C. Mendenhall. Gen. Duffield some time ago succeeded Prof. Mendenhall as superintendent of the coast and geodetic survey on the latter's resignation, but it was understood at that time that Prof. Mendenhall would continue his connection with the lighthouse-board.

In the case of an appointment like that of Gen. Duffield's it is usual for the president to specify whether the vacancy is made by resignation or removal, but it was impossible to learn at the White House whether Prof. Mendenhall had voluntarily resigned, the explanation being offered that it was customary for the superintendent of the coast survey to be a member of the lighthouse board, and that Gen. Duffield's appointment was made simply under the provisions of section 4653 of the revised statutes.

STONE AND FRANCIS.

The Governor and Ex-Governor of Missouri Speak at St. Louis.

ST. LOUIS, Oct. 30.—Uhrig's Cave was thronged last night to hear Missouri's governor and popular ex-governor speak upon the issues of the day under the auspices of the democratic city central committee.

In his speech Gov. Stone extolled the democratic state government for the past twenty years, which he claimed had been wise and economical. He instanced the good order maintained in the state while others had been torn by riot and bloodshed as the result of coal miners' and railroad strikes.

Gov. Francis discussed the Wilson bill, and said that the party which cheapened the cost of living ameliorated the condition of the people, elevated the workingman and obliterated the lines which divide classes in this country.

BUSINESS RESUMED

After a Two Days' Quarantine in the Interior Department.

WASHINGTON, Oct. 30.—The interior department was again opened to the public yesterday after a two days' quarantine on account of the infection of smallpox therein. Every possible precaution has been taken to prevent the spread of the disease, and each room in the department had been thoroughly fumigated. In addition to this, all the outgoing mail is disinfected and the whole clerical force has now been vaccinated. President Proctor of the civil service commission returned to the city yesterday after a month's absence and was immediately vaccinated.

Sallow and blotched complexions are produced by alum, ammonia and other adulterants in baking powder. The perfect purity of Dr. Price's is a guaranty against every facial blemish.

To Go Into Winter Quarters.

WASHINGTON, Oct. 30.—The only war ship on the great lakes, the Michigan, left Detroit yesterday morning for Erie, Pa., where she will go into winter quarters.

"There is a Salve for every wound." We refer to DeWitt's Witch Hazel Salve cures burns, bruises, cuts, insect stings, as a local application in the nostrils it cures catarrh, and always cures piles. C. H. Dawson.

A BOLD ROBBERY.

A Young Man Held Up and Robbed on Stepping from a Train.

FORT SMITH, Ark., Oct. 29.—Will McKenzie, a young man traveling from Missouri to Texas, was held up and robbed at West Fork, a station on the Frisco forty miles from here, last night about 12 o'clock. Just as the train rolled into the station McKenzie stepped out of one of the rear cars on to the platform. He was immediately confronted by a stranger, who covered him with a G-shooter and went through his pockets, relieving him of \$20 in money.

As soon as the train moved on the robber left and McKenzie stepped back into the car. There were several deputy marshals on board the train, but McKenzie feared to make an outcry lest the robber would shoot him. It is thought the robber is one of a gang who have been hanging around West Fork and alarming the people there and the railroad officials recently.

A STORMY DEBATE

In the French Chamber of Deputies Over the Accounts of M. Favette.

PARIS, Oct. 30.—There was a stormy debate in the chamber of deputies yesterday over the accounts of M. Favette, a high official in the ministry of commerce. In the accounts were included bills for dinners at Volzin's on 840 occasions, and for six cabs each for the use of Deputy Guerin and Senator Lourtes. Premier Dupuy admitted that these bills were irregular, but thought that there was no circumstance connected with them that would justify the prosecution of the offenders.

M. Jaures, however, demanded that the persons contracting these bills be prosecuted.

M. Guerin challenged the government to prosecute him, declaring that he had been guilty of no misconduct. The chamber approved M. Jaures' demand.

THE CANADIAN LOAN

Largely Over-Subscribed in London, at Figures Far Above the Minimum Price.

LONDON, Oct. 30.—The subscriptions for the 8-per-cent loan of the government of the dominion of Canada have aggregated over \$56,000,000, although the loan only called for \$11,250,000 (\$2,250,000). The minimum price was fixed at 95, but the bulk of the loan was subscribed for at an average of 97 1/2. The loan will be allotted as follows: Tenders at 297 1/2 will receive the full amount of securities subscribed for, and the tenders at 97 1/2 will receive 45 per cent. of their subscriptions.

THE SICK CZAR.

A Less Favorable Bulletin—The Anniversary of the Accident at Borki.

ST. PETERSBURG, Oct. 29.—The official bulletin sent from Livadia at 8 o'clock this evening says: "The emperor ate little to-day. He felt weaker. The cough, of which he has been long troubled in consequence of chronic catarrh of the throat and trachea, has grown perceptibly worse and interferes with his breathing. His expectation is tinged with blood."

The anniversary of the czar's escape in the accident near Borki was celebrated with a te deum in the chapel at Livadia to-day. Among those present were the czarina, the czarowitz and the Princess Alix of Hesse.

The "scholar in politics" has got down to a cash basis.

Some people say "money talks." There are, also, people who will discover that votes talk louder than a slush fund.

The duty of every man dissatisfied with the course of the party in power should go to the polls next Thursday and cast his vote.

The greatest event that could happen in the interest of American liberty and an honest ballot would be the defeat of Judge Scales of Chicago.

Fifteen carloads of tinplate have just been landed at Baltimore for the single city of Milwaukee. Every pound of it might have been made by American labor.

The contingent of Democratic campaigners is getting desperate, but no contingent in a defeated army was ever dangerous after it ran out of ammunition and began to fire paper wads to fool somebody.

BUSINESS is really booming. There can be no doubt about it. But it is on the other side of the Atlantic, where, according to our consuls, almost unprecedented activity prevails among exporters to America.

The voters have had the experience and "the scholar in politics" has the cash. After the election the "scholar in politics" will have the experience and the voters will have the cash if they play their part right.

As a matter of fact, the average voter has lost enough since the Democrats came into power to justify them in accepting the bundle offered them as a slight reimbursement for their losses, and then vote the party out of power.

CANADIAN baled hay has found its way into Springer's district since the new tariff law removed the \$4 a ton from foreign hay. This ought to please the farmers in the district for it will remove the toll necessary to raise hay from the shoulder of some of them.

The Democratic campaigners have succeeded in knocking out the proposed amendment to the constitution providing for legislation in regard to the employer and employee, and in seven days to-day the employer, if he does his duty to himself, will knock out the Democratic campaigners.

SCOVILL potatoes can be landed in New York for less cost than can potatoes grown in Washington and adjacent states, where the farmers are feeling the effects of the reduced duties and the free list. Nearly everything produced in that section has been either subjected to reduced duties or made free.

SOME men wonder why Governor Altgeld is not taking part in the campaign. The conjecture involves an error. The governor is doing his share in the campaign by pardoning criminals out of the penitentiary and restoring their citizenship. They are voters too that the "scholar in politics" will not have to buy.

The attempt of the Democratic campaigners to hold Illinois by the use of a corruption fund and fraud, and uncover the object of a Democratic congress in repealing the federal election laws. It was the federal election law that caught Joe Mackin, and if it were in force now it would catch Hopkins and his officious policemen.

The "scholar in politics" proposes to force Democratic methods on the country by fraud and corruption and the use of money just as "the scholar in politics" did before the war until the common and independent and outraged people rose in their might and put it out of power, as they again will next Tuesday, unless all signs fail.

ABRAHAM LINCOLN once said: "A political party may fool part of the people all of the time and all of the people part of the time; but no political party can fool all the people all the time."

Mr. MacVeagh, "the scholar in politics," thinks he is wiser than Lincoln and has the impression that by the use of boodles the people can be fooled all the time.

In Wales the furnace men employed in the making of tinplate get \$1.75 per day. The furnace men employed in the tinplate works of Pennsylvania get \$3.50 per day—or they did under the McKinley tariff. In Wales the blacksmiths employed on Welsh tinplate receive \$1.32 per day. In Ohio and Pennsylvania the blacksmiths employed on American tinplate receive \$3 per day—or they did up to 1893.

A REPUBLICAN received a notice yesterday from the Democratic campaigners urging him to go and register. The notice closed with the words, "Democratic votes are needed." This is probably the only truth they have uttered in the campaign. In recent elections Democratic votes were needed in Ohio, Vermont, New York, Iowa, Pennsylvania, New Jersey and Maine, but they did not get enough of them to do any good except to measure Republican pluralities by.

The value of the heavenly kingdom has been set forth in these words: "What would it profit a man were he to gain the whole world and lose his own soul?" And the value of prosperity to all men in the United States might properly be set forth as follows: What would it profit a man to take Hopkins' slush fund and MacVeagh's money and by retaining the Democrats in power by his vote lose his opportunity to make a living?

WHEN Mr. Manecke, Democratic candidate for senator, who in 1890 was so devotedly attached to the F. M. B. A. and so enthusiastically committed to carrying around with him a bale of lately imported Canadian hay and a few bushels of Russian barley to show the farmers of this district how cheap these products have been made since the Democratic tariff became a law. Mr. Springer ought, also, magnify his talk about cheap foreign goods by showing these articles.

THREE arrived in Philadelphia last week 600 tons of pig lead consigned to a local firm which uses annually about 7,000 tons in its business. The firm formerly drew its supplies of raw material from smelting works at Denver and Omaha, but goes to England now because of the reduced duty on lead. Under the McKinley tariff the duty was two cents a pound, but in the Wilson bill it was reduced to one cent. The consignment above referred to is but the forerunner of many more, not because English lead is any better, but solely for the reason that it costs less.

"Oh," says the Democratic campaigner who expects to get votes by deception, "business is prosperous." Let's see. In 1892 the Democratic campaigner promised, in case his party was returned to power, to make the people more prosperous than they were in 1892. Have they done it? Let Dun's weekly Review of trade answer. Last Saturday it said:

Payments for the week through the principal clearing houses throughout the country show a decrease of 1.2 per cent compared with last year, and a decrease of 21.9 per cent compared with the same week in 1892 the decrease for four weeks being 29.8 per cent. Railroad earnings in October have been 3.8 per cent less than last year and 11.6 per cent less than in 1892.

The lesson to be learned from this is that the Democratic party is a failure, and the way to restore prosperity is to restore the Republican party.

MUNICIPAL CLUB OF DECATUR.

Declaration of Principles:

We, the members of the Municipal Club of Decatur, inviting the co-operation of all our fellow citizens, hereby declare and pledge ourselves to the enforcement of the following principles:

First—We, as citizens of Decatur, believe that our highest interests will be materially promoted by the absolute separation of municipal government from national and state politics.
Second—Realizing that respect for law is the bulwark of liberty, we demand a vigorous observance and enforcement of all our laws, and we pledge ourselves to nominate and endorse only such candidates as we believe to be in favor of such enforcement—honest and capable of properly administering the affairs of our municipal government.

Third—We advocate practical extension of the highest principles of civil service reform to our municipal department.
Fourth—It will be the special object of the Municipal Club of Decatur to make a thorough and scientific investigation of the correct principles of local self-government, especially as adapted to this municipality, and to collect and publish all appropriate information on the defects and needs of the city government. While the members of this club may be members of widely different national and state organizations, all will be united in common purpose of obtaining the best city government and the wisest expenditure of money, advancing the material growth of this municipality and of stimulating that spirit of progress in her citizens which will secure for them and descend to the largest measure of domestic comfort and commercial prosperity.

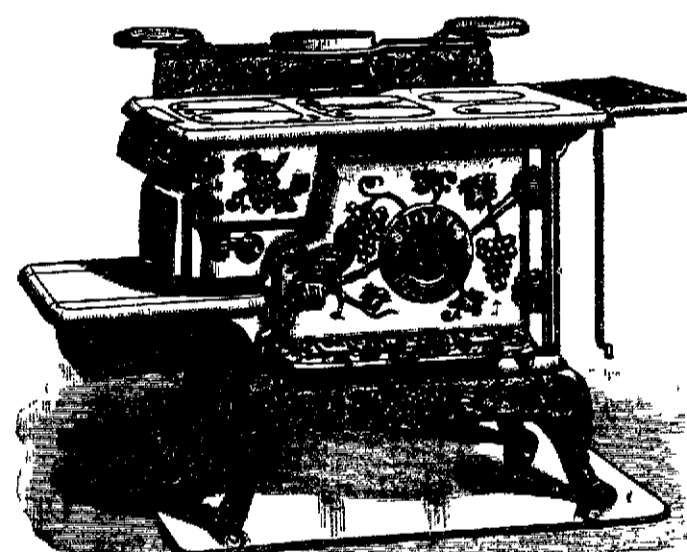

Being in hearty accord with the declaration of principles of the Municipal Club of Decatur, I hereby subscribe my name as a member thereof:

CITY LEGISLATION.

No More Expenses to be Incurred

in Any Department.

The meeting of the city council last

night was notable for one thing--the po-

sition taken by the mayor that in future

no work shall be done on time, that

there must be money in sight to pay the

bills.

Alderman Stratton asked that a com-

mittee of three be appointed to report a

fire alarm system for adoption. Mayor

Moffitt suggested that there was no

money to meet the expense, but he

would like to have a good fire alarm

system. Stratton announced that it

would take no money just now, only a

little check. The Mayor said he wanted

more business and less check. The

motion for the appointment of the com-

mittee was not entertained.

J. P. Smallwood, H. P. Wise, B. F.

Lenham, B. F. Blakeney and G. Simon

asked the city to furnish water pipe to

run from Green street south on Church

street to the Wabash a distance of 300

feet. They agreed to pay all the expense

of laying the same and to take water

besides.

Ald. Drake spoke in favor of the improve-

ment and said that there would not be a

cent of expense for labor. Ald. Mont-

gomery sprung a point of order about

the rule applying to new business, which

rule on motion of Ald. Irwin was sus-

pended. Then the petition was granted

by unanimous vote. Mayor Moffitt said

if the improvement cost the city a dollar

he would stop it.

At the last council meeting it was re-

solved to change the fire limits so that

they would include the block between

Wood, Main, Union and Church. A re-

monstrance was presented last evening

asking that this be not done, as it would

work financial injury to property owners

in that block. The prayer of the peti-

tioners on the remonstrance was granted.

The saloon license of James Bradshaw,

a dealer on North Water street, was

transferred to Frank Stensel. Alderman

Irwin contended that an application for

a transfer of license should lay over one

week just the same as a dealer's bond,

but the motion of Ald. Johnson that the

license be transferred prevailed.

W. L. Oakes, of the Novelty Works,

notified the council that the cell work

for the new calaboose had been complet-

ed and was ready for inspection.

The street and alley committee made

a favorable report on Alderman Sutton's

resolution for grading the alley between

Morgan and Broadway streets from

Cerro Gordo to Eldorado streets. The

report was adopted.

City Engineer Loring reported that

the Centrair street and South Webster

street sewers had been completed by

Contractor John Mattes and were ready

for acceptance.

The street and alley committee report-

ed favorably on the petition of W. F.

Neisler for the privilege to box up a

telegraph pole on the corner at his drug

store.

An ordinance was read changing the

fire limits so as to include the block be-

tween Wood, Main, Union and Church

streets. When the clerk had finished,

however, City Attorney Lee announced

that the first section had virtually been

nullified by the action of the council in

granting the petition of those who had

signed a remonstrance against the

change. The matter was referred to the

ordinance committee.

The matter of leasing an old alley to

Samuel Miller was also referred. The

alley is in Jacob Kaufman's addition

just east of Union street, or that is it

was originally platted to be there. It

is along the line of the Union street

sewer. Miller had offered the city \$15 a

year for the use of the ground. Ald.

Montgomery secured the reference of

the matter. He said that the ground

had been replatted and he understood

that different persons held quit claim

deeds to the alley in question.

Alderman Stratton introduced a reso-

lution to the effect that the Finance

committee be authorized to negotiate

with the bank for the best interest of

the city and report to the council.

By Knight and others: That H. Daven-

port be allowed \$15 a month as special

policeman. Adopted.

in the forthcoming production of Chas.

which is afterward caricatured by "The

Prize Winners," a laughable burlesque,

performed by the Tiestie troupe of gro-

tesque dancers. The illuminated march,

one of the most gorgeous stage effects

yet presented, and the ballet de resist-

ance, entitled "The Boulevard," a com-

bination of terpsichore and pantomime,

CULLUMS' BIG WELCOME

Republicans Turn Out in Force to

Hear the Senator's Solid

Speech.

THE TABERNACLE PACKED

The Largest and Most Enthusiastic Rally

of the Campaign--Six Hundred Men in

Line for Escort Duty--Bands of Music,

Flags and Transparencies--The Drum

Corps Out.

The Republicans took the city last

night and held the fort at the tabernacle

until nearly midnight. By many the

demonstration in honor of Senator Cul-

lum was wholly unexpected. It was

generally known that the present and

next senator, with Mrs. Fanny M. Wor-

thington, of Streator, and Hon. W. C.

Cochran were to speak at the tabernacle,

but that was all. When 7 o'clock came

there was sound of campaign music by

Goodman's Band, the splendid Drum

Corps in uniform, Comrade Martin's

martial band and the Briggs Family

martial band, while here and there

could plainly be heard the tooting of

of horns, which betokened the

coming of victors to the heart of the

city. Republicans felt happy over the

prospect of a big demonstration and the

Democrats who slowly caught on to

what was coming to make them sick

had the dumps. They simply dodged

around the corners to get off the earth.

Out in the Fifth ward among the Poles

and Germans the voters got together at

the German Republican headquarters,

and there were about 200 in line when

the band led the way to the city. En

route the lady speaker, Mrs. Worthing-

ton, with Mr. and Mrs. Harwood and D.

A. Maffit in an open carriage, joined the

procession at the Harwood residence,

proceeding to the corner of Eldorado

and North Main streets, where the dis-

trict marching clubs from all parts of the

city fell in line and moved on to the St

Nicholas hotel where Senator Cullum and

SENATOR CULLUM.

party Captain Lytle, Daniel Ray, W. G.

Cochran, J. L. Thayer, in an open

carriage joined the column. Every

member of the escort, which included

fully 600 persons, had a card in his hat

numbered from 1 to 34, indicating the

voting districts in Decatur townships,

and there was shouting and fireworks

all along the line of march from Lin-

coln square, on East Main, up Water

street to North, and thence on to the

tabernacle. The West End club had a

transparency with several pat inscrip-

tions, one of which was "Buckin-

ham's Dishonest Friends," which was

prominently displayed on the stage at

the tabernacle. It was a great proces-

sion and carried the veteran campaigners

back to the old days when everybody

was for America and when everybody

had plenty of work and plenty of money.

TABERNACLE CROWDED.

Long before the column reached the

tabernacle the great building was crowd-

ed, and when the marchers came in

every chair was occupied and every inch

of space was taken. Many ladies were

present, including the Colored Ladies'

Republican Club. There was scarcely

room to crowd through an aisle. The

platform was fringed with voters, among

whom were scores of German workin-

men, and space on the steps leading to

the platform was taken. Young men

climbed up on top of the vestibules at

the entrance and on the frame work of

the private rooms at the right and left

of the stage. At the front and far up

the four aisles the crowd, so dense

that it was impossible to effect an en-

trance from the front

CULLOM'S BIG WELCOME

Concluded from Preceding Page.

The country lacked \$75,000,000 of enough money to pay expenses. This showed just how much they know. We were called upon to discuss the bill. Voorhies and Vest said that we were not discussing the tariff. We knew at the time that they had 400 amendments to add to the bill but Voorhies said that they didn't. A short time afterward Mr. Jones came in with 634 new amendments a democrat said that Mr. Voorhies, the chairman of the committee, didn't know anything about the amendments, and besides the republican members of the committee were not consulted. The Alabama senator didn't like the bill because iron was on the free list, so a tariff was put on iron ore. There were two who didn't like it. Mr. Ransom, of North Carolina, said to Mr. Jones that he was a free trader generally, but that he was a candidate for re-election and that there were two industries in his state that must be protected or he would never be re-elected. So rice and peanuts were put on the dutiable list. Mr. Gorman, of Maryland said that his state was underlain with coal, as was Virginia, West Virginia and Pennsylvania, and that a syndicate had bought all the coal in the state. A coal mine was put on the free list. Nova Scotia coal would come to the border and compete with the Maryland miners, and so a duty was put on coal. MacVeagh says it is all nonsense about the Nova Scotia coal coming to Illinois. It may never come to this state, but it will compete with the eastern miners and send the eastern miners out here to lower the wages of our miners. When Mr. MacVeagh says the foreign coal won't hurt us he doesn't know what he is talking about. (Applause). The Republicans want to keep out other miners so our men can get the highest wages. There is now a duty of 40 percent on coal but it was 75 percent before and 40 percent will not protect the miners as much as it ought to. But there were still others who didn't like the tariff bill. Mr. White of California wanted an industry in his state protected. There people raise a kind of seedless grape, the same that is raised in large quantities in Greece. He wanted a duty, so it was put on the seedless raisins. No Republican was ever consulted about these amendments. It was stock jobbing. On the part of the Democrats so that they could agree on a bill. They had to pass a bill of some kind. There were others who were dissatisfied. The Louisiana senators wanted a duty on sugar, and no less a person than my old friend Murphy, of New York, had a duty put on collars and cuffs to protect the collar and cuff factory near Troy. Mr. Palmer wanted barb wire on the dutiable list because there were big barb wire mills in Joliet that employed men when other factories turned them out. When the Republican senators asked him why he wanted it, he said: "I want it because I want it," and a duty was put on barb wire and I helped him to get it.

While proclaiming free trade the Democrats were looking out for the protection of the industries within our locality by a policy they were against. This only shows how bad their policy is. The Republicans are for the protection of labor; their position is not difficult to explain.

My little friend, MacVeagh, wants to know whether or not I am for the McKinley bill. It isn't in the mouth of MacVeagh or any other Democrat to ask what will be our policy when we get in power. When the time comes we will tell them. I will say now that the Republicans are for a bill which will protect American industries and American laboring men. (Cheers). We will be for America against all God's creation. (Applause). It is plain enough, but he hasn't sense enough to see it. MacVeagh is called the scholar in politics, but he doesn't know the A. B. C's of national politics. He is like the rest of the party. They all want a little protection here and a little free trade there, and no general principle upon which to stand. If you are for free trade stick to it, and if you are for protection say so and vote accordingly.

The Democratic tariff bill has no father, no mother, no aunt, or no uncle, and there is no man that is so proud that he will own it. If the president had carried out his convictions he would have vetoed it, but the party induced him to let it pass without his signature. They had to make a bill of some kind and get it through. I am not abusing the democrats but finding fault with their representatives and the people are under no obligation to vote for them again. If the history of that tariff bill were written by a novelist, it would make the most magnificent play ever put on the stage.

Mr. Cullom presented record witnesses as to the effect of the Wilson bill. He showed that Pres. Cleveland R. Q. Mills, David B. Hill, Representatives Johnson and Mr. Springer were disgusted with the bill by what they had said about it. The last thing that was done in the senate, containing Mr. Cullom, was to discuss the bill. While they were all against it they were all for it. Mr. Wilson was so delighted that he packed his trunk and departed for the home of the friends of the bill. I have known Mr. Wilson for a long time, but I can scarcely be patient with him for what he did. He reported to the chamber of commerce at London and made a speech at a banquet and spoke as he did to a nation with whom the American people have been contending for one hundred years. He made a speech unworthy of him or any other man representing a republic that stands forth in the nations of the world. Almost in the presence of the queen he said that a republican form of government was most commendable and short-lived. When he said that he insulted the greatest country of the world. I will say to him that when the throne of England is crumbling into dust the American nation will be found the freest of the world.

That I have thoroughly understood the Democratic party. You are the boy who said the doctor's office. When the doctor says to him the child is unwell and you have a Democratic party. You are the boy who said the doctor's office. When the doctor says to him the child is unwell and you have a Democratic party. You are the boy who said the doctor's office. When the doctor says to him the child is unwell and you have a Democratic party.

tariff policy brings on destitution and the high tariff policy means prosperity. What you want to do is to elect a Republican congress and industries will prosper and we will not go on in this half starved condition. Cleveland will lay down the power and McKinley or some other Republican who is sound on the labor question will take it up then things will prosper. It may be McKinley or Tom Reed, or possibly myself.

I want to say a word to the old soldiers. The Democrats have insisted on a policy of economy, but they haven't been economical except at the expense of the old soldiers. The policy adopted by Hoke Smith is an outrage. Spies were put on the track of the old soldiers so that their pensions could be cut down. I recently visited the Soldiers' Home at Quincy where there are 1200 inmates, and one dying every day, and many on couches which they will never leave alive, and when I saw how many poor old veterans there were I made up my mind I would do all I could to help them. I am prepared to say that when the Republican got into power every old soldier who served one year or more, and who received an honorable discharge will be entitled to a pension. You will want to do what is best for the country; when you find what is the best policy go out and vote for it.

OTHER SPEECHES.
Mrs. Fannie M. Worthington, of Streator, sent to Decatur by the Republican state central committee to represent the Republican women of the state, was enthusiastically received. The lady is a fluent talker and won the attention of her hearers at the start. She was grateful to the men who had placed the ballot in the hands of the women, and she believed it was their right and duty to vote. Some will answer that they didn't want the ballot. It is a lawful right given the women, and it is their duty to exercise that right. The speaker advised all the ladies, and the men, too, to vote for the Republican nominees for university trustees, and in this connection she gave high praise to Mrs. Flower, whom she described as an ideal woman. It was the candid opinion of the speaker that the women possess the power to regenerate the race. She then drew a beautiful picture of womanhood. Mrs. Worthington took up the tariff question and handled it most skillfully, giving practical lessons of the effect of hurtful Democratic legislation which she had witnessed in her own home where charitable work had been carried on last winter. She told a story about borax which she said had got so cheap under the Republican policy that 10 cents worth would wash up all the Democrats in Decatur. (Prolonged cheers and laughter). The lady said she loved the Democrats—loved them collectively, like the Christians do the heathen, because they want them converted. (Laughter). The lemonade and puppy dog story brought down the house, and the illustration was aptly turned to show why some things were so cheap in the business world—something wrong with the goods. Mrs. Worthington was congratulated by Senator Cullom. Mr. Cochran and others on her splendid effort in behalf of the women and the workmen.

Although it was 11 o'clock and many people were leaving the hall, W. G. Cochran, candidate for representative, was presented. The exodus stopped when he began to speak and many returned to hear him out. Mr. Cochran never made a better campaign speech. He had everybody cheering and shouting in a short time because of his patriotic utterances. He had addressed 8000 people in the open air at Mattoon during the day and had held them for two hours, and had seen and heard McKinley, the electric speaker from Ohio, who had uttered the sweet chiming of American protection. (Cheers). Mr. Cochran told several stories which provoked laughter and cheers, but what took best was his intense patriotism and allusions to the excellent business qualifications and sterling integrity of Mr. Cullom and Mr. F. C. Kahan, the Republican nominee for state senator. Mr. Cochran bade good-bye to the audience by stating that as engagements in other parts of the district would prevent him from speaking again in the city before election, he would leave his interest in the hands of his friends, believing that they would vote right.

The lights were not extinguished until nearly 12 o'clock. It was a typical Republican love feast to the end, and despite the size of the crowd the best of order was maintained.

TRICKS IN MIDAIR.

Hair-Raising Performances of a Repairer of Factory Chimneys.

John William Mayman, an Englishman, born in Lancashire, has for some time been at work repairing factory chimneys in various parts of New England. He has been in this business for sixteen years, and has no idea of turning his attention to other work, notwithstanding the fact that his father and brother were both killed by falls from a great height. "Steeple Jack," as he is called, has traveled all over England and a good part of Europe repairing chimneys, earning a large income most of the time, but spending it freely. In one month recently he earned \$500, but only saved about a quarter of it, the remainder being spent foolishly. Mayman's nerve while engaged in his perilous calling is something wonderful. Some time ago he finished building an addition to a chimney owned by the Smith Paper company's mill, near Boston. The chimney is 130 feet high. Several planks had been drawn up and placed across the top to hold material, and an iron rod had been put through the top of the chimney. One Sunday afternoon Mayman had been drinking and went to the top of the chimney to show how steady his nerve was. Taking a stout plank he inserted one end under the

STEEPLE JACK'S TERRIFYING FEAT.

iron rod, letting the other end project into the air about eight feet. He first tried the plank with his foot; then walked slowly to the end, stooped, grasped the plank with both hands and stood on his head at the extreme end. All the spectators grew faint at the sight and most of them turned away, being unable to look at the terrifying performance.

"Well, she did take the stump. She married a man with an amputated leg."
—Chicago Tribune.

The Depth of Smatness.
"Did you meet Jimson?"
"Yes."
"Like him?"
"No, he's nothing more than a bird's-eye view of a man." —Puck.

—Voice from Doorway—"Mary, what are you doing out there?" Mary—"I'm looking at the moon." Voice from the Doorway—"Well, tell the moon to go home, and you come into the house. It's half-past eleven." —Waterbury.

—My Saviour, my Almighty Friend, as written by Watts. Set to a melody from Handel, it has been very popular.

DRY GOODS & CARPET COMPANY.

You Can Tell by Your Instinct

When Things are Right in Store Keeping as well as Home Making.

Take a quiet hour rambling over our building in which we are boastfully keeping store, study the character of the goods and the comfortable and safe (for customers) way in which we do the work and point out in friendly fashion the defects, not hard to find, that we may improve for material benefit. You have the right of way, for the store long ago became The People's Thoroughfare.

PERSONAL MENTION.

Mr. LABOURER carries his radical-
ism so far as to refrain from giving the
readers of his paper any information
of the birth of an heir to the throne.

M. CARMICHAEL, the new presi-
dent of France, received from his fa-
ther the snug legacy of forty million
francs and has since added largely to
his fortune.

The oldest living white pioneer of
California is Col. James L. L. F. Warren,
of San Francisco. He is also said to be
the oldest military man in the country,
the oldest editor west of New York and
the father of agriculture in California.

The maharajah of Kuch-Bihar, the
most popular prince of India, is visit-
ing London and is receiving a great
deal of attention. His full title is
Lieut. Col. H. H. Sir Nipendra Narain,
bahadur of Kuch-Bihar, G. C. J. E.
Hon. A. S. C. to H. R. H. the prince of
Wales.

Mrs. MINNIE HAWK sang at Johore
recently by invitation of the sultan,
the princess and datus, who were great-
ly pleased. The sultan conferred on
the prima donna and her husband the
order of the crown of Johore, this be-
ing the eleventh order Mrs. Hawk has
received from the hands of ruling
monarchs.

OUR CITY NAMES.

EASTON, Pa., was at first East Town.
NANTUCKET, Mass., has an Indian
name.

CARSON CITY, Nev., was named for Kit
Carson.

OMAHA, Neb., is named from a tribe
of Indians.

GALENA, Ill., was named from its
lead mines.

LOUIS JOLIET furnished a name to
Joliet, Ill.

MUNNY, Pa., was named from the
Minsi Indians.

NEW LONDON, Conn., was at first
called Tawagag.

FOND DU LAC means bottom, or lower
end of the lake.

The Peoria Indians furnished a name
to the Illinois city.

PASSAIC, N. J., has an Indian name,
meaning the valley.

CHATTANOOGA is an Indian name, and
means hawk's nest.

FORT WAYNE, Ind., was named after
Gen. Anthony Wayne.

BEAUFORT, S. C., was named after
Henry, duke of Beaufort.

NORFOLK county in England, gave a
name to the Virginia town.

KNOWN LONG AGO.

BANKS were first established in Lon-
don by the Jewish money lenders.
The first public bank was that of Ven-
ice, 1560.

NOTARIES are first mentioned in the
fourth century. They were appointed
by priests and bishops to keep the
church records.

INDIA rubber used for erasing pencil
marks was known in England as early
as 1770. A cube of it half an inch
square cost three shillings.

ASTRONOMY was a highly developed
science at Assyria, B. C., 2334. The
Book of Job, written about B. C. 1520,
mentions several constellations.

The first muffs were made for the
use of doctors to keep their fingers
soft and warm, that they might ac-
curately feel the pulse of their patients.

The cross mark instead of a signa-
ture did not originate in ignorance. It
was always appended to signatures in
medieval times as an attestation of
good faith.

The administration of the oath to
witnesses is a practice of very high an-
tiquity. It is mentioned as of common
use among the Jews at the time of the
exodus from Egypt.

FAMOUS EXILES.

GROTIUS wrote many of his best works
in exile.

VOLTAIRE passed a great part of his
life in what was practically an exile.

The earl of Clarendon wrote his fa-
mous historical works while in exile.

ALL the princes of the Bourbon
family have for a long time lived in
exile from France.

BUCHANAN, the Scottish poet, while
in exile and prison wrote the famous
"Paraphrases of the Psalms."

MAGGI, the great Italian scholar,
wrote several of his best treatises while
in exile and captivity among the Turks.

The exiled Marius sitting among the
ruins of Carthage is a spectacle that
has moved many a schoolboy to ora-
tory.

CARDINAL POLIGNAC would never
have written the "Anti-Lucretius" had
it not been that he was sent into exile
and so afforded the leisure.

The faint, sweet odor of apple bloss-
oms is not more delicate than pastry
into which Dr. Price's Baking Powder
enters.

FAMILIAR HYMNS.

"How BEAUTIFUL are their feet" is
by Watts. Like most of his hymns it
is a paraphrase of a passage of Scrip-
ture.

"RETURN, O wander, return," was
by William B. Collyer, and was first
printed in the Evangelical Magazine in
1800.

"Come, let us join our cheerful
songs" was written by Isaac Watts, to
be sung at the close of a special ser-
mon in 1717.

"Ye wretched, hungry, starving
poor," is one of the best hymns written
by women. The writer of this was
Anna Steele.

"I TRUST, thou wounded Lamb of
God," was translated from the German
of the famous Count Zinzendorf by
John Wesley.

Fall Trade

OUR fall trade is opening up in great shape. Our stock is complete in every department and prices are lower than ever before. We have not time to go into detail, but business which our store is doing is evidence sufficient to prove that the people know that we always keep what they want and that the prices are absolutely better than can be got elsewhere. We have had our store enlarged and refitted and now our facilities are in every way better than ever before to handle all the trade which can come to us. We have before remarked that we intend to have the shoe business of this city and we are getting a little more of it every day. We have the largest stock we have ever had, our styles are all new and correct, there is absolutely nothing lacking. Come and we will take pleasure in attending to every want in the line of shoes.

Revival services are now being held at the Free Methodist church, conducted by the pastor. A very interesting service last night. A general invitation is extended to all. Pastor and people invite the co-operation of all christian workers.

If you are nervous and irritable and can see nothing but the dark side of everything; go and get a bottle of the St. Louis A. B. C. Bohemian Bottled Beer, brewed by the American Brewing Co. It is composed of natural sedatives (hops) and the most nourishing grain (malt) barley. Your dumps will fly away at the first glass. Geo. Kraft, wholesale dealer.

When the McKinley duty was put on foreign cotton ties they were selling here at \$1.35 a bundle. When the foreign articles were taxed the price fell to 75 cents a bundle. What has the Democratic abolition of the duty done, then? Why, it has simply shut up the American factor, transferred their work and wages to English factories, and made it certain that the price of cotton ties, as soon as we are again wholly dependent on the foreign maker, will be dearer again.

There was a grand ball last night at Chronister's hall on Broadway. It was one of the largest and most drowsy balls of the season, and was given by the East End Dancing Club. Allusion's Champion orchestra played the grand march for 80 couples. The program was a long one and varied. All of the very latest was

danced, especially the latest Newport, "Dancing on the Beach." The dance was a "go" and success, thanks to the orchestra which is a good one. Will give a dance once a week. An elegant supper was served at 12 o'clock and everybody went home happy.

The foot ball team of the Decatur High School have about completed arrangements with the team of the Springfield High School eleven for a game one week from Saturday. The team from the capital city school is said to be a good one and they are looked upon as the best amateur team in central Illinois. The Decatur boys will go to Springfield on Thanksgiving day to play a return game.

VICTORY FOR THE CITY.

Attorney J. M. Lee Wins the Case Against the I. C. R. Co.

The Illinois Central railroad company is in the soup on the special assessment for the paving of its right of way at the Wood street crossing. The company lost the case in the Macon county circuit, where the city of Decatur was represented by the City Attorney Lee. The company took an appeal to the Illinois Supreme Court and Mr. Lee alone looked after the interests of the city. Yesterday the supreme court affirmed the decision of the circuit court, holding that the railroad company shall pay its share of the expense incurred. Mr. Lee and the city authorities are feeling pretty good over the decision.

Evening Mails.

Owing to the fact that so many people wait until the last collection in the evening to get their letters in the mail, it is found necessary to close that mail at 9:15. That is ten minutes earlier than heretofore. This is necessary in order to get the mails closed and to the depot in time for the trains.

The people can materially assist this evening service by getting as many as possible of their letters in the street letter boxes in time for the first collection after supper, which is from 7:30 to 8 o'clock, or to the office before 8 o'clock. Failing to do this, they can materially assist by getting their letters into the postoffice between 8 and 9 o'clock. The fewer letters there are to handle after 9 o'clock, the later the mails can be kept open for those who cannot get in earlier. All Chicago letters should, if at all convenient, be got into the postoffice in time for the mail that closes at 8 o'clock. Letters sent to Chicago in this mail are delivered from six to 10 hours earlier than letters that leave in the mail that closes at 9:15 p. m. Business men will kindly make note of this.

All Sunday mails close at 7 p. m. The last Sunday collection from the street letter boxes is made at 4:30 p. m.

Respectfully,
JERRY DONAHUE, P. M.

Chilly for Altgeld

Governor John Pardon Altgeld passed through the city to-day on route from Springfield to Mattoon. When asked concerning the election of Springer and the next legislature he was slow to reply, but finally said, "Well, I don't know; but I think we will win." As a curiosity Mr. Altgeld is a success, none coming to greet him further than gaze at him from a distance. There were no local Democrats at the depot to meet him, and he was all alone. He got aboard the P. D. & E. train and seemed glad to get out of sight.

To Mr. and Mrs. Lafayette Robinson, West Green street, Sunday, Oct. 28—a son.

To Mr. and Mrs. Gus Wood, of North Morgan street, on Monday, Oct. 30—a son.

To Mr. and Mrs. F. E. Bunn, of 328 West Wood street, on Oct. 29—a daughter.

To Mr. and Mrs. C. W. Stivers, of North Clayton street, on Monday, Oct. 29—a son.

A Correction.

EDS. REPUBLICAN.—It has been circulated throughout the county among Republican voters that I am supporting the Democratic ticket. This is false in substance and in fact. I, as well as my brothers and my father, will support the Republican ticket as we have always done. I will be at the polls in the Fifth ward all day—losing a day out of school—at work for the Republican ticket. Is this supporting the enemy?

Harvest Home.

The ladies of the Baptist church are sparing no pains to make a success of the Harvest Festival to be given on Thursday Nov. 1st. They will serve a hot dinner from 11 to 2 o'clock; Supper from 5 to 7 p. m., and refreshments throughout the evening. A fancy and Art table under the management of Mrs. H. A. Wood, will be an interesting feature of the entertainment.

What joy around the old farm-house fire with doughnuts leavened by Dr. Price's Cream Baking Powder.

Bad Luck.

ARCOLA, Ill., Oct. 29.—While discharging a cannon in honor of Gov. McKinley's arrival here to-day, Thomas Dougherty had his right hand blown off above the wrist, and Wm. Layman, an electrician, had both of his eyes destroyed by the explosion.

CAUGHT IN A FIRE TRAP.

[Special to the REPUBLICAN.]
CHICAGO, Oct. 30.—At New York to-day seven persons were burned to death in a flat at 216 West 32d street. Many others injured.

DIED.

[SPECIAL TO THE REPUBLICAN.]
CHICAGO, Oct. 30.—Ex-Premier Mercier, of Canada, died at Montreal to-day.

PERSONAL MENTION.

Mrs. A. L. Lytle is visiting relatives in Kansas, Ill.

Mrs. W. S. Judy returned from St. Louis last night.

Mrs. J. S. Starr left to-day for a visit at Attica, Ind.

Dr. H. H. Oneal of Champaign is in the city on a brief visit.

Mrs. J. W. Race has gone to Lawrenceburg, Ind., to visit her sister, Mrs. Warren Tobbs.

Miss Kate Hawkins, of Minneapolis, arrived here to-day to visit Mrs. G. D. Thomas.

The two children of Mr. and Mrs. Charles Montgomery, who have been ill, are better.

G. W. Davidson returned yesterday from Lafayette, Ind., where he spent Sunday with friends.

D. S. Shellabarger left last night for Salina, Kansas, on business, expecting to be absent about a week.

Dr. and Mrs. M. H. Farmer will leave to-morrow evening for Chicago, where they will make their home.

Mrs. T. L. Evans arrived home yesterday from Champaign, where she had been visiting for several weeks.

Andrew J. Dunston came home last night after a visit of several days with relatives in Baylis, Pike county.

Mrs. W. M. Whitsett, of Moweaqua, was in the city yesterday to attend the funeral of her grandson, Carl Whitsett.

Leo Heilbrun, who has been ill of typhoid fever, is improving, but it will be some time before he is able to be down town.

Mrs. Delia Bellan and Mrs. Phelps, who have been in the city visiting B. B. Tuttle, will leave to-night for their home in Ansonia, Conn.

To get the best is always the cheapest. That is why every one should use Dr. Price's Cream Baking Powder.

Business at Warrensburg.

Macon county has within her borders a number of good towns, but it is doubtful if many of them can compare with Warrensburg, situated about ten miles northwest of this city on the P. D. & E. The community is made up of live, active business men who boast a population for their village of nearly 1000. The town boasts two newspapers, and the *Enterprise*, the old-established paper, is a credit to Illinois rural journalism. The town possesses a number of industries which afford employment to her workmen, viz., large tile works, the best creamery in the country, and a mammoth canning factory. In point of schools and churches Warrensburg is the peer of any village in Central Illinois.

The REPUBLICAN reporter met a number of business men during his brief visit who are all alive to the best interests of their town, among whom were: Ed. White, who conducts the largest mercantile business in the town; Wm. Ritchie, a jolly Democrat, who knows all about your corn, wheat and oats; Robt. Ballinger, right hand man at White's store; H. H. Shettel, who is a live, enterprising business man.

And then we met E. Abbott, who presides over the destinies of a live grocery establishment; D. W. Whitehead, who knows how to run a restaurant and confectionery; Parker Beall, who conducts one of the largest furniture and undertaking establishments in the county outside of Decatur; H. Clousen of the creamery who thoroughly understands the butter business; and W. R. Schroeder, who can beat the world making and selling harness. When the energy and push of the above gentlemen and their fellow-citizens is taken into account it must be admitted that Warrensburg has a bright future before it and cannot fail to prosper and wax great.

Why is it that Abrams is doing the picture business of Decatur? The answer is not difficult to figure out. He employs only the best artists who can be obtained and his studio is equipped with the latest and best appliances of the photographer's art. His children's pictures are acknowledged by critics to be the best and most like ever turned out by a local artist. The studio is light, pleasant and cozy arranged, and visitors are always welcome. If you wish the best pictures which art can supply don't fail to call on Abrams, over Peddecord's bank.

Great Supper.

The procession for med last night in honor of Senator Cullom and marched to hear him at the Tabernacle; now they are on the way to the polls. They will arrive at their destination Nov. 6, but they are going to stop and take supper at the A. M. E. church on Spring Avenue Nov. 1. Come one, come all, and meet your friends, and let prosperity commence now.

DID NOT RIDE.

The Weather Yesterday too Cold for the Bicyclists—Records Lowered.

Owing to the fierce cold wind that blew across the race track yesterday the Cleveland team were unable to do any work. To-day, however, they are at the track, and as usual a large crowd is witnessing the trials.

RECORDS LOWERED.

WALTHAM, Mass., Oct. 29.—Harry Tyler regained the two-mile flying start world's record here this afternoon making the distance in 4:04 flat, paced by tandems. Butler held the record of 4:04.5, made at Springfield last month.

A. W. Porter made a new class 1 record in the mile standing start, riding in 2:00 flat. The record was 2:02.15.

CYCLING CHAT.

G. A. Maxwell, the speedy rider that was here in the class A races on Oct. 13 entered the class B ring yesterday.

J. Frank Farnes, the speedy local class A rider that covered an unpaired quarter in 27:15 last Sunday, is in daily training at the track, and his friends have much confidence in him and he may toss a few records yet before the snow birds arrive.

A MEETING of the members of the M. C. A. Century Club will be held at an early hour this evening at the rooms.

The members of the Calumet Club have extended to the members of the Cleveland Racing Team the courtesies of their club rooms and gymnasium.

The exacting tests applied to Dr. Price's Baking Powder at the World's Exposition and the California Mid Winter Fair gave it the highest honors at both.

Rose Coghlan in "Diplomacy"

Of all the revivals of Sardou's great play it must be admitted Rose Coghlan has been the most successful in her representation. This is due in a great measure, not only to Miss Coghlan's admirable impersonation of the Countess Zickla, but to the fact that she has always cast the play with artists of ability. She will appear at the Grand Friday evening, Nov. 2. Perhaps the most interesting situation in "Diplomacy" is in the well known scene in Beaulieu's apartment in Paris where the explanation is commanded from Count Orloff, a part taken this season by Cecil Morton York. Henry Beaulieu is given a most excellent impersonation by the great actor Frederick De Belleville, while John T. Sullivan represents, with great force and finish, Julian Beaulieu in which role he always wins the full sympathy of the audience. The Baron Stem is played by J. W. Shannon, who was the original in this country. The same high praise has been given the ladies of the company. Miss Maxine Elliot is said to be a most sweet and attractive Dora, and Miss Hattie Russell a most charming Marquise and Miss Blanche Burton, who is exceedingly pretty, makes a most fascinating Lady Henry. The small parts, too, are well taken and altogether Miss Coghlan thinks she has this year a better company than ever before.

Attention, Turners.

You are requested to meet at Turner hall at 1 p. m., to-morrow, to attend the funeral of F. Meyer.

HENRY METZ, Sec'y.
